## **Community Matching Grant COVID-19 Supplement**

This supplement is a temporary requirement to help applicants to create a COVID health safety plan as they are working to complete their Community Matching Grant project.

Please describe the COVID safety precautions you are planning to take during these phases of the project:

- 1. Outreach about the project. What types of outreach will you do and how will you ensure you meet COVID safety standards?:
- 2. If volunteers will be a part of the project, how will you ensure their safety?:
