

## CP2315 — R Street SE Preservation (33rd Street SE to 37th Way SE)

# Construction Notice

The City of Auburn will begin construction soon to grind and overlay the pavement on R Street SE between the White River Bridge and 33rd Street SE. The project will include:

- A new 12-foot wide multi-use pathway on the east side of the street
- A new 7-foot wide sidewalk on the west side
- A three-lane roadway with a center two-way left turn lane

The revised roadway and multi-use pathway will improve side street access and safety for non-motorized users in the corridor.

**Construction is anticipated to start in Spring 2024 and continue through Fall 2024.**

### DURING CONSTRUCTION:

Work hours will primarily occur from Monday through Friday, between 7 a.m. and 7 p.m.

**Traffic Control:** Traffic lanes will be shifted during construction. Between 9 a.m. and 2 p.m., traffic may be reduced to a single alternating lane during portions of the project. Outside of that time period, two lanes of traffic will be maintained.

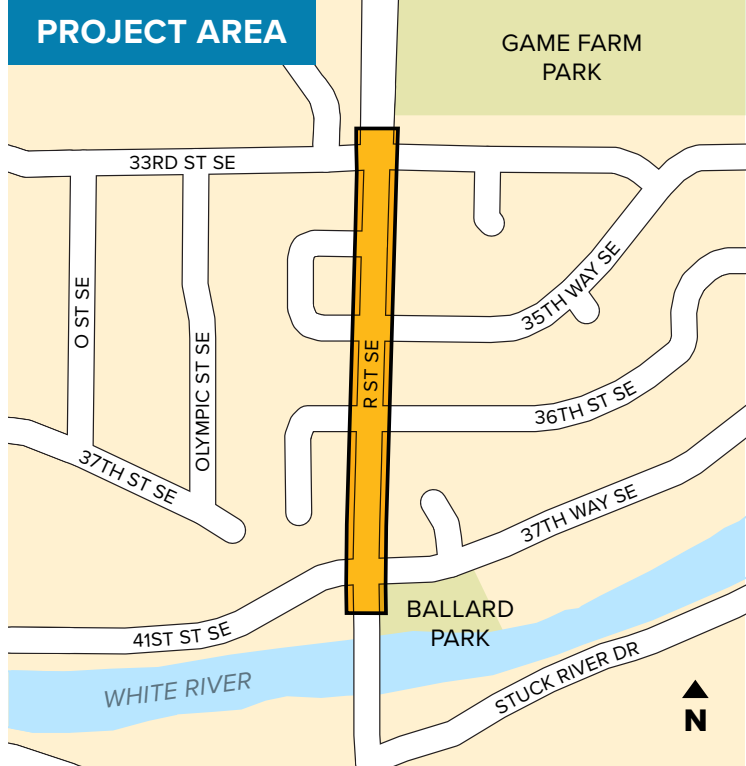

**Speed Limits:** Posted speed limits during the project construction will be reduced through the work zone. Please pay attention to speed limits for the safety of our workers!
