FREQUENTLY ASKED QUESTIONS

1	Will my bill be different during the transitional period?	Yes, December and January statements will reflect prorated charges for adjusted periods.
2	Will my due date change?	Yes, most customers will have a different due date. The due date is still 20 days after the bill date, but the bill date is changing. Please check your bill for the due date.
3	Will my bill look different?	Yes, the bill has been redesigned. The front of the bill contains a summary of charges and payments. The back of the bill lists the detailed charges by service. The graph will also reflect the new monthly water consumption.
4	Will my bill increase if water consumption is being billed monthly?	No, billing water consumption monthly does not increase your overall bill. Customers will no longer see the fluctuation in their bills due to bi-monthly consumption billing. Billing water consumption monthly will help customers better manage their budget and monitor their water usage in a timely manner.
5	Are the rates changing?	Yes, effective January 1, 2019, there is a rate increase for some utilities. Please see auburnwa.gov/utilities for more information.
6	Will the changes alter the bills for those on the Low Income Senior or Disability discount?	No, this change will not affect the rates for customers currently receiving these discounts unless there has been a change in household size or income. Please visit auburnwa.gov/utilities for eligibility information.
7	If I currently have auto-pay on my account, will this change?	That depends on how your auto-pay is set up. If you have auto-pay through the City of Auburn, we will continue to withdraw your payment on the due date. However, if you use an electronic bank bill pay service you may need to change your scheduled payment to reflect the new due date.

CHANGES TO YOUR CITY OF AUBURN UTILITY BILL

CHANGES TO YOUR CITY OF AUBURN UTILITY BILL

The City of Auburn is changing to monthly water consumption billing.

Beginning in December 2018, the City will start transitioning all water customers from bi-monthly consumption billing to monthly consumption billing and billing all customers on the same date. The utility bill due date will also be changing in January 2019 for all customers.
